That apology made us unable to look into each other's eyes.

Effort alone couldn't change anything in our reality

Comfort and encouragement all lost their warmth and vanished as soon as they were spoken.

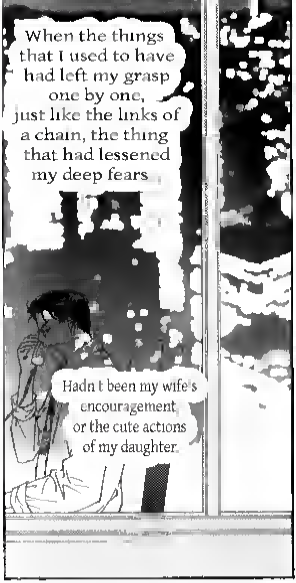
I'm in the same group as them.

I only ate one can of snacks and didn't find it uncomfortable.

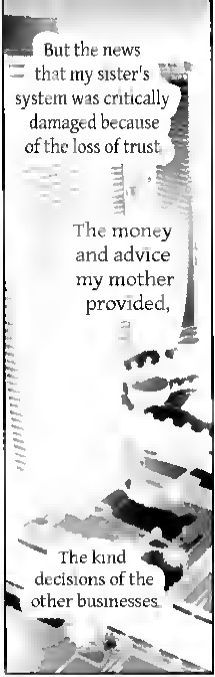
Madam Jo is going to help us with this bld

This is the first time I've been in a situation as bad as this one.

I'm in the same boat as they are.



When the things that I used to have had left my grasp one by one, just like the links of a chain, the thing that had lessened my deep fears
Hadn't been my wife's encouragement or the cute actions of my daughter.



But the news that my sister's system was critically damaged because of the loss of trust
The money and advice my mother provided,
The kind decisions of the other businesses.

All of these things had made me relieved from the bottom of my heart,

And at the same time feel a deep despair.

Happiness and sadness didn't exist in the world.

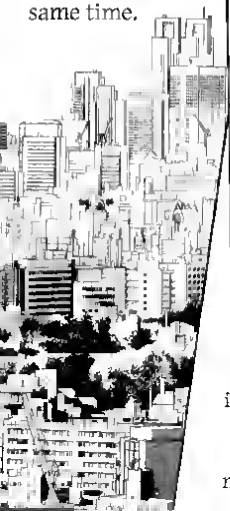
Everything that was happening,

Made me feel helpless and stabbed through me.

I didn't know where I should have placed my heart.

Everything felt both happy and sad,

And sad and happy at the same time.



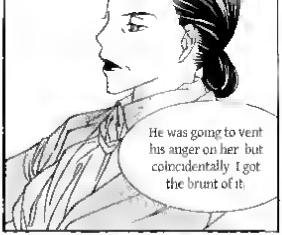
Time seemed to have stopped. It felt like it was slipping away from me and I couldn't keep up with it. I couldn't make head or tail of it either.

I was so focused on dealing with it like a robot
Because I was so used to spending my time like that
Is that what they said?
That when something happened or was given to me,
I didn't expect that to happen,
I told you I also know him
He was a manager and we are close friends

Leave things like this alone, please
How much more are you trying to pick a fight with me?
Are you going to do it until we are dead and gone?
You should at least be quiet. You blame me for everything now.
Didn't I told you this before?
Why are the bored, middle aged housewives meddling in other people's business?
If you ignore those bored, middle aged housewives
We have no place to put our feet. Do you understand now?

It's obvious that they were together because they met. What kind of nonsense are they talking about?
So, you just heard what was said and did nothing?
What's in for me to say that this is untrue? Moreover,
When I did volunteer work with Madam Jeon the rumor was already spreading like wildfire
It seems that Madam Jeon saw them together with her own eyes
They said that the involved person is thinking the same thing

Manager?
I met his son yesterday



He was going to vent his anger on her but coincidentally I got the brunt of it

He told me to leave unless she wanted to destroy his family

He spoke coldly and very clear. He was young.
But I felt his strength

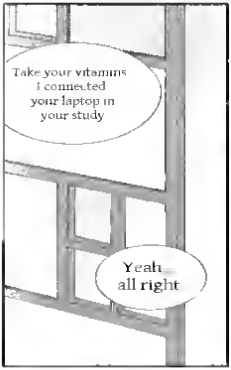
She's not like that. You know that.

Can a person decide their course in life once they are born?
Well it's not important if it's true or not.
This was something quite unstable and fleeting when compared to what you have done to Ms.
I'm happy to see you suffer

A wonderful choice has a fitting payout
What was everything for?
All that hard work and stubbornness these past ten years?
The things that you have lost...

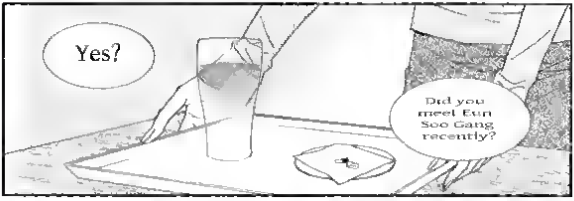
Did you gain something instead?
I zoned out and thought...
That ten years have already passed.

For a moment, I thought 'perhaps'...
I know more than anybody else how lonely she must have been. She had had a hard time and ended up suffering. I can't blame her
Welcome home.
Yeah.
But she is not someone who can do something like that.

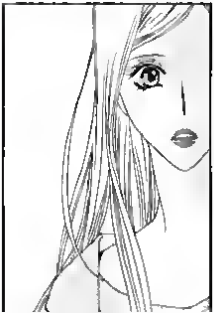


Take your vitamins I connected your laptop in your study
Yeah... all right

Are you going to sleep late today? Do you want coffee?
No it's okay More importantly



Yes?
Did you meet Eun Soo Gang recently?



Yes What about it?
It's just...
I think that you've been seeing him too often

Unpleasant words are being spoken
If it had been only a problem on this side.
I wouldn't have said something like this
But I think that you should stop More so than just us
But I think it s becom ng a big trouble for Eun Soo Gang's family as well.

I heard that we might divorce
Oh my god!
He didn't say anything...
I am...
I only thought about myself.

What should I do?
He must have been her one and only.
She didn't have any family to support her,
And she has been living like a castaway on an island after she got married.
Even if she had friends, enough time had passed, as well as pressure for them to vanish.
Why did this happen to this person?
He must have been the only one who remained beside her.
Why did I drag this person here?

Yes, I loved her.
I wanted to see her more and I wanted to be with her longer.
I liked the softly spoken words we told each other.
What about now?
So...
We...

Let's break up.

Let's stop now
If you weren't married to me none of this would be happening
Not only this but everything else as well

And in the future,

Nothing is going to change

What do you mean?

We can lose anything
Everybody wins or loses something. That's the law

But we should still have something left when we lose things.
Something that we must depend on so we can still say everything we've gone through was worthwhile losing in the end.
You and I don't have such a thing.
I don't know what's left anymore
But let's stop here before we lose even more things.
We just kept on—
Losing things.

I thought, why so sudden?
I thought that maybe you're suspicious
No.
And...
Even if it's true, that's not important.
I will give you everything you want
I will accept your decision

So you won t feel uncomfortable or insufficient In the future
Before we lose more?
I know that you re tired and struggling
And it s all because of me
I was always sorry
No That s not what I
But,
I haven't done anything wrong

I haven't done anything wrong to suddenly lose a husband and Mi Hyang's dad one morning
I'm not trying to say that you did something wrong
Just that we should stop making each other suffer like this.
Have I done that?
Do you know what I find difficult and what I can endure?
Do you know about it?

How could you do this,
When I have tried so hard not lose anything?
How could you say that we should pretend it never happened?
But to me,
You must not lose things anymore if you do that
It s like asking me to go away,
Right after you threw every single thing at me

We have to live long, more so than we have lived until now.
Please think about it more objectively.

Let's talk about this again after few days
Wait!

Let's have a proper talk now

Did I
love her?
I can't
remember.

The Food That is
Good for Your Health
but Bad for Your Heart.

I have a bad throat, so it often pains me.

I don't know but the inside of my throat must be in chaos

It feels stifling 365 days a year. When I catch a flu, my throat always hurts first. When I go to karaoke, my voice gets hoarse.

For me mom boiled balloon flower root which is good for your throat and tried to make me drink it.

Come here and drink this. Come on

Cough

But it tasted like the devil's water.

I won't drink it. Ever!

It only broke up my relationship with my family

Then don't complain that your throat hurts! Drink it now!

No!

And broccoli which are good for everything.

My mom worked hard and tried to feed me this, too

Everytime I see it they look like immature baobab* trees

TN: Short tree with a thick trunk and large fruits.

What if I give you a hundred million dollars but only if you agree to eat broccoli your entire life?

100 Million

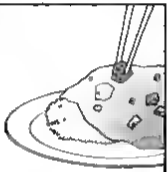
My sense of taste shouldn't be defeated

A hundred million! I will throw that away!

I hate it like this.

Black sesame seeds and black beans are good for your thin hair.

But my stomach hurts when I look at the liquid with all those powders in it



I still remove the carrots and onions from the curry rice.

No matter how it's processed or cooked,

My head hurts when I smell beans and the lot.

You're just like a kid.

Please tell me I am always seventeen♥

Heh Heh

Every time I see my nephews, I can't help but think that I should have been trained as a child to eat stuff normally. Don't be like your aunt.

No, you won't do this if you are seventeen years old
